Hello,

I wholeheartedly recommend Adham as a prospective student at your university. I believe, he will be a fantastic addition to the programme.

Adham has been working for Amazon as an operations investigator since 2020.

He is currently in charge of ensuring that our business operations in Egypt, Saudi Arabia, and the United Arab Emirates (MENA) are carried out legally.

Adham's responsibilities include monitoring marketplace vendors' performance indicators, assisting with digital forensics using Ubuntu OS, and conducting fraud investigations.

Please don't hesitate to get in touch with me if you have any inquiries about his candidacy or prior employment.

Sincerely,

Omar Yasser
